The JJK Gurukulam...

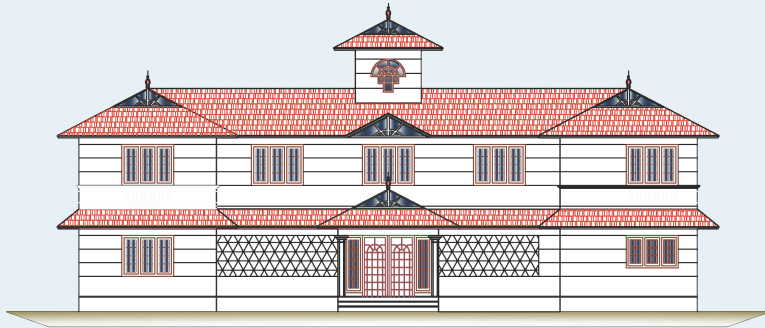

has been giving the opportunity of education, health, safety and family to underprivileged boys in India for 9 years.

Now we are planning to open a second Gurukulam, dedicated to the many young girls who desperately need our help. We need your help to make this happen. Please see back page for more details.

Every child has a right to enjoy childhood, gain an education and live with dignity. Our children come from extremely poor families, where the main income earner is a small scale servant or labourer.

In our residential Gurukulam, the children learn how to take care of themselves and help their families and community.

Families struggle to provide more than one meal per day, an education is considered a luxury and is not possible for these children. Children are the main victims of poverty, and young girls are at high risk of abuse.

The proposed Gurukulam for Girls

The Gurukulam will house between 30-35 girls.
We need your help to realise this project.

A day inside the Gurukulam

We offer an extensive program of care in the areas of health, education, self-sufficiency and cultural validation. In addition to this we preserve the traditional Indian culture of a life based on Vedic heritage. Our daily schedule includes study of Vedic scriptures, prayers in Sanskrit, Yoga Asanas and Pranayama.

Our goal is to give these children the chance to grow and find a path and light to a brilliant future and become responsible citizens.

Please support the establishment of a Girls' Gurukulam by making a donation.
